Robert Jensen is an associate professor in the school of Journalism at the University of Texas at Austin. He is the author of *Getting Off: Pornography and the End of Masculinity*. *Getting off* seamlessly blends personal anecdotes from Jensen's years as a feminist anti-pornography activist with scholarly research. In his trademark style, he shows how mainstream, pornography reinforces social definitions of manhood and influences men's attitudes about women and how to treat them.

Please be aware that graphic and explicit material will be discussed.
